Bruce - As we discussed the other day, there must be some reports completed by now from the 38 inspections conducted. Can you send what you have or give concurrence for the field staff to do so?

I'll be going to permits after today so direct compliance related workplan items to James and Cheryl in the future. I am looking forward to working with you on the permit issues.

Patrick F. Kuefler

Subject: IEPA CAFO Inspections

Pat,

As we discussed, I had spoken with James Coleman to get a list of CAFO inspections conducted by IEPA to determine, which of the inspections I would use for our oversight inspections.

James had spoken with Mr. Yurdin, who had suggested that we call the regions to get the list of inspections.. When I contacted IEPA inspection staff in Marion, they explained that the information is sent to Bruce Yurdin and that I should get the information from him. I explained that Bruce Yurdin asked that I contact each Region for the information and the staff said that they would check with Bruce.

Sincerely,

Cheryl Burdett
